By Brian Clopper

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Gideon Thump knows magic abounds in his town, that a tight crew of his classmates are secretly champions of the light and face down evil on a daily basis. All he needs is proof. He foolishly trails their leader and soon finds himself no longer a simple observer. Dropped inadvertently into the role of the major hero, with heavy sword and all, Gideon must win over a supporting cast that blames him for the loss of one of their own, while facing down magical baddies that are thoroughly modern and a little absurd. Making matters worse, his annoying cousin moves in with him and runs afoul of magic herself. With a sinister foe dead set on harvesting Gideon s fledgling magic, he must rally the troops and employ his addled wits to carve out a destiny that doesn t result in him shuffling off this mortal coil.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
