CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 540 pages. Dimensions: 8.0in. x 5.0in. x 1.2in. The CERN Laboratory, near Geneva, runs the Large Hadron Collider: the greatest scientific instrument ever built by man. There are many questions and concerns as to what will be discovered. And now inexplicable things are occurring at CERN. Three researchers are missing: disappeared without a trace. Men of sound mind have seen apparitions. The Collider has brought forth an entity from another dimension that offers answers to the great remaining scientific questions in exchange for a soul. Word has spread that something diabolical has invaded CERN, which coincides with cataclysmic events taking place in the world. Paul Decker teams up with Natasha - a particle physicist, a la Lizbeth Salander - to fight the legions of darkness. This may be the ultimate battle of Good vs. Evil, Science vs. God. My story combines physics, the Papacy, the Book of Revelation, espionage and computers in a way not seen before. CERN: French: Council European for Research Nuclear Hadrons are created by colliding protons or nuclei of heavy elements. Girl with the Dragon Tattoo This item ships from La Vergne, TN. Paperback.
