THE EFFECT OF HYALURONIC ACID FILLERS ON THE BUCCAL MUCOSA OF RABBITS

The Effect of Hyaluronic Acid Fillers on the Buccal Mucosa of Rabbits
A Histological and Immunohistochemical Study

LAMBERT

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | A Histological and Immunohistochemical Study | Over the past few decades, soft tissue augmentation has become an increasingly popular procedure, not limited to a specific age or sex group. It is not only utilized in beauty restoration but recently it has been found useful in treating different developmental defects. A wide range of products are available on the market today. Hyaluronic acid fillers, made from hyaluronic acid (a naturally occurring biopolymer) are...
