

## Solidarity Unionism: Rebuilding the Labor Movement from Below, Second Edition (Paperback)

Filesize: 2.89 MB

### **Reviews**

*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.*

PM Press, United States, 2015. Paperback. Condition: New. Mike Konopacki (illustrator). 2nd edition. Language: English . Brand New Book. Critical reading for all who care about the future of labor, Solidarity Unionism draws deeply on Staughton Lynd s experiences as a labor lawyer and activist in Youngstown, Ohio, and on his profound understanding of the history of the Congress of Industrial Organizations (CIO). The book helps us begin to put not only movement, but also vision, back into the labor movement. There is a blossoming of rank-and-file worker organizations throughout the world that are countering rapacious capitalists and labor leaders who think they know more about work and struggle than their own members. To secure the gains of solidarity unions, Lynd has proposed parallel bodies of workers who share the principles of rank-and-file solidarity and can coordinate the activities of local workers assemblies. Detailed and inspiring examples include experiments in workers self-organization across industries in steel-producing Youngstown, as well as horizontal networks of solidarity formed in a variety of U.S. cities and successful direct actions overseas. This book is not a prescription but reveals the lived experience of working people continuously taking risks for the common good.
