

Aspects of Hindi Phonology

By Manjari Ohala

Motilal Banarsidass Publishers Pvt. Ltd., New Delhi, India. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition. The language whose phonology is described in this work is standard Hindi, i.e., the Hindi used in everyday casual speech by educated native speakers in cities such as Varanasi, Lucknow, Delhi etc., which is different from highly Sanskritized Hindi called literary style Hindi and highly Perso-Arabicized Urdu, a native speaker being one who has learnt the language as his first language. The author's interest lies in accounting for the Hindi speakers' competence i.e., providing evidence for the psychological reality of certain sound patterns of Hindi. This study is a mixture of two types of evidence. Some evidence is provided from experimental data and other is from hypercorrection, from children's mistakes, from native speakers' reactions to certain forms. the model used is that of generative phonology with modifications suggested throughout.

Reviews

Extremely helpful for all class of people. We have read through and that i am confident that i am going to going to read through again again down the road. Its been designed in an exceedingly basic way in fact it is simply following i finished reading this pdf in which in fact altered me, alter the way i think.

-- Noel Stanton

Absolutely one of the best pdf We have ever read. I really could comprehended every little thing using this written e book. I am easily could get a satisfaction of reading a written publication.

-- Dr. Odie Hamill
