

## Pediatric Robotic Urology (Paperback)

By -

Humana Press Inc., United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Robotic technology has paved the way for new opportunities in pediatric urologic surgery. Where once laparoscopy was restricted to urological conditions in children such as undescended testicles and ambiguous genitalia, robotic techniques are now enabling the completion of greatly needed, more involved procedures. Written by highly respected surgeons, Pediatric Robotic Urology provides a state-of-the-art, comprehensive overview of the precise surgical techniques that are changing the practice of pediatric urologic surgery. Divided in two sections and covering both introductory topics and advanced surgical techniques, Pediatric Robotic Urology also includes myriad illustrations and photographs of intraoperative procedures. Developed for accessible reading, this invaluable title is a concise, yet broad reference that is certain to be of significant value to urologists, surgeons, and all health care providers who care for pediatric urologic patients. Softcover reprint of the original 1st ed. 2009.

### Reviews

*A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e book. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.*

*-- Cathrine Larkin Sr.*

*Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.*
