

## Master Introductory Psychology: Complete Edition (Paperback)

By Michael Corayer

Psych Exam Review Press, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Master Introductory Psychology gives you all the information you need for any introductory psychology class or for self-study. This book breaks down all the key concepts in psychology and provides an engaging and memorable guide for each unit. Clear explanations and examples are combined with helpful memory strategies so content can stick in your head after a single reading. It's a step-by-step guide through all of the ideas you need to know. Each unit also includes a chapter summary, a list of key terms for review, and extensive references and recommendations for exploring subjects in more detail. Don't settle for dry definitions or endless multiple-choice questions that don't develop true understanding. Instead get the guide that builds a solid foundation and helps you master introductory psychology. This complete edition covers 16 units: History and Approaches Research Methods Biological Bases of Behavior Sensation Perception Learning Memory Language Cognition States of Consciousness Intelligence Personality Motivation Emotion Development Social Psychology Stress Health Psychological Disorders Treatment.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*-- Ally Reichel*

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

*-- Prof. Kirk Cruickshank DDS*
