PEDDLING PERIL HOW THE SECRET NUCLEAR TRADE ARMS AMERICAS ENEMY**DOWNLOAD**

Free Press. Paperback. Book Condition: New. Paperback. 304 pages. Dimensions: 8.9in. x 6.0in. x 1.0in. From one of the world's leading experts on nuclear proliferation, a harrowing and revelatory examination of the thriving illicit marketplace for nuclear weapons components and how far the programs of Iran and other rogue nations have progressed. Based on three decades of experience in tracking nuclear arms smugglers and the efforts of terrorists and rogue states to obtain nuclear capability including exclusive information from sources deep within the intelligence community and criminal investigators and prosecutors involved in the most high-profile cases against traffickers, top expert David Albright unveils a shocking story of the evolution of the nuclear black market, its vast extent, and how difficult it is to crack down on. So much attention in press coverage and other books has focused almost exclusively on the dealings of Pakistani nuclear scientist A. Q. Khan, but Albright reveals that Khan is only one of a much larger cast of characters in a labyrinthine global proliferation network, and that though Khan is now under house arrest, others are continuing the trade. Taking readers behind the scenes of the hunt, Albright discloses the role of a ring of German and Swiss businessmen, operating under the cover of legitimate companies; reveals the astonishing story of two top Pakistani nuclear scientists meeting regularly with Osama bin Laden to train him about nuclear weaponry; discloses the details of the nuclear reactor that was being built by Syria and the story behind its recent bombing; and describes the disturbing extent of Iran's nuclear program. Peddling Peril is a must read for anyone concerned about this great threat to world security. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN.
