CHILDREN AND YOUTH IN ADOPTION, ORPHANAGES, AND FOSTER CARE: A HISTORICAL HANDBOOK AND GUIDE (HARDBACK)

ABC-CLIO, United States, 2005. Hardback. Book Condition: New. 256 x 180 mm. Language: English . Brand New Book. Adoption and foster care is a new and burgeoning area of historical and interdisciplinary research. Too often, however, birth parents, adoptive parents, foster parents, social workers, and the children themselves have either been ignored or demonized. This comprehensive introductory resource provides an authoritative, yet accessible, examination of adoption and foster care as it has been practiced in the United States. Within the pages of this volume, the reader will find a complete view of the many individuals and groups involved, as well as a thorough understanding of the various social and economic forces that have contributed to the perceptions of what children are in need of care. Also discussed is the role of orphanages, once the primary institution for children without parents as well as a stopgap measure for poor children needing temporary care. Divided into three major sections, original essays review the practice of adoption, orphanage placement and foster care from the colonial period to the present day. Selected primary documents, including materials by children, as well as an in-depth bibliographic section, provide crucial information and insight for high school and college students. Social workers, journalists, and others will also find much value in this historical overview and guide. Contributors include Elizabeth Bartholet, Marilyn Irvin Holt, Martha Satz, and Claudia Nelson. Adoption and foster care is a new and burgeoning area of historical and interdisciplinary research. Too often, however, birth parents, adoptive parents and foster parents, social workers, and the children themselves have been either ignored or demonized. This authoritative and accessible work is the first comprehensive introductory resource that gives a fuller portrait of the many individuals and groups that have contributed to the perceptions of what children are in...
