Reviews

Absolutely one of the better ebook I have got actually read. Indeed, it is actually engage in, still an amazing and interesting literature. I realized this book from my i and dad advised this ebook to learn.
(Flo Welch)

ULYSSES IN FOCUS: GENETIC, TEXTUAL, AND PERSONAL VIEWS

University Press of Florida. Paperback. Condition: New. 272 pages. Dimensions: 8.9in. x 6.0in. x 0.7in. What if you had never opened the book of your life Or if that book had been even a little different Ulysses in Focus takes up these vertiginous questions, raveling out episodes in the writing, critical reception, and editing of Joyces masterpiece and twining them together with stories from a life spent elucidating it. Joyce himself would have admired the variety that Michael Groden offers us here: fascinating new readings of Ulysses by its foremost genetic critic; behind-the-scenes accounts of editorial contretemps and secret manuscript acquisitions; the sorrow of shelved projects and the thrill of the bibliographic quest. At its core, Ulysses in Focus tells the story of a reader and a book that seem to have been destined for one another. Yet its method is against destiny, seeking to free texts from the published state in which they ossify by restoring to us a sense of their evolution and their contingency. To read Groden is to think differently about reading and being: to suspect that a book, like a life, might be the sum of its untaken roads. --Paul K. Saint-Amour, University of Pennsylvania This is an engaging, reflective, and highly personal set of essays and recollections by a leading Joyce scholar. It urges us to see Ulysses, not as a finished monument, but as a mobile piece of writing in constant dialogue with its own processes of composition and avant-textes. --Anne Fogarty, coeditor of Bloomsday 100: Essays on Ulysses Michael Groden has been at the forefront of some of the most important developments in James Joyce studies over the past three decades. He was a major figure in and early adopter of genetic scholarship--the method of analyzing a literary work by looking at its...
