## CHEMISTRY OF NEW MATERIALS (HARDBACK)

Facts on File Inc, United States, 2007. Hardback. Condition: New. Language: English . Brand New Book. Nature has a remarkable variety of ways of assembling atoms and molecules to form natural products, and people still have a great deal to learn from these processes. But natural methods provide no more than a hint of the host of new products that can be made. These new products are changing - and will continue to change - the way in which scientists and engineers build the substances that make human civilization what it is today.
