## Catastrophe & Culture: The Anthropology of Disaster

By Susanna M. Hoffman, Anthony Oliver-Smith, Gregory Button, Christopher L. Dyer, Virginia Garcia Acosta

SAR Press. Paperback. Book Condition: new. BRAND NEW, Catastrophe & Culture: The Anthropology of Disaster, Susanna M. Hoffman, Anthony Oliver-Smith, Gregory Button, Christopher L. Dyer, Virginia Garcia Acosta, At a time of increasing globalization and worldwide vulnerability, the study of disasters has become an important focus for anthropological research-one where the four fields of anthropology are synthesized to address the multidimensionality of the effects to a community's social structures and relationship to the environment. Using a variety of natural and technological disasters-including Mexican earthquakes, drought in the Andes and in Africa, the nuclear meltdown at Chernobyl, the Exxon Valdez oil spill, the Oakland firestorm, and the Bhopal gas disaster-the authors of this volume explore the potentials of disaster for ecological, political-economic, and cultural approaches to anthropology along with the perspectives of archaeology and history. They also discuss the connection between theory and practice and what anthropology can do for disaster management.

### Reviews

*This book may be really worth a read through, and a lot better than other. It is really basic but excitement inside the 50 % in the pdf. I realized this pdf from my dad and i encouraged this publication to learn.*

-- Curtis Bartell

*The book is straightforward in study better to comprehend. It is really simplistic but unexpected situations in the fifty percent of the ebook. Its been written in an exceptionally simple way which is simply after i finished reading through this ebook in which basically altered me, affect the way i really believe.*

-- Letha Corwin
