## THE TRANSLATOR AS WRITER (HARDBACK)

Bloomsbury Publishing PLC, United Kingdom, 2006. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Over the last two decades, interest in translation around the world has increased beyond any predictions. International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. The Translator as Writer bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve.
