Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Whether or not he admits their practical cogency, an attentive reader will not fail to be interested in the attempt Mr. Saintsbury has made to give technical rules of metre for the production of the true prose rhythm. Any one who cares to do so might test the validity of those rules in the nearest possible way, by applying them to the varied examples in this wide [6] survey of what has been actually well done in English prose, here exhibited on the side of their strictly prosaic merit-their conformity, before all other aims, to laws of a structure primarily reasonable. Not that that reasonable prose structure, or architecture, as Mr. Saintsbury conceives it, has been always, or even generally, the ideal, even of those chosen writers here in evidence. Elizabethan prose, all too chaotic in the beauty and force which overflowed into it from Elizabethan poetry, and incorrect with an incorrectness which leaves it scarcely legitimate prose at all: then, in reaction against that, the correctness of Dryden, and his followers through the eighteenth century, determining the standard of a prose in the proper sense, not inferior to the prose of the Augustan age in Latin, or of the great age in France and, again in reaction against this, the wild mixture of poetry and prose, in our wild nineteenth century, under the influence of such writers as Dickens and Carlyle: such are the three periods into which the story of our prose literature divides itself. And Mr. Saintsbury has his well-timed, practical suggestions, upon a survey of them.
