Reviews

It is simple in study safer to understand. It can be full of knowledge and wisdom Your way of life span is going to be enhance when you full looking at this book.

(Lavina Torp)

CARDIOLOGIE (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****.Les pathologies cardiaques, coronopathies inclues, demeurent de loin la premiere cause de morbi-mortalite dans les pays developpes et deuxieme a l echelle mondiale derriere les pathologies infectieuses. Tout medecin, quelle que soit sa specialite, y sera confronte et doit acquerir les elements necessaires a leur prise en charge en premiere ligne. Seront notamment ici abordees les cardiomyopathies, les coronopathies, l hypertension arterielle, les valvulopathies, les arythmies, les endocardites et les myo-pericardites. La redaction de cette serie de manuels de medecine clinique prolonge une demarche realisee au benefice des etudiants en medecine de l universite de l auteur, praticien intra-hospitalier, visant a les faire beneficier d un travail personnel consistant en une synthese de lectures personnelles de la litterature medicale et de reflexions issues de sa pratique. Il n est pas question dans ce volume de fournir une somme d affirmations indiscutables couvrant l ensemble de la cardiologie mais bien une serie de fiches concises offrant des exemples de prise en charge des principales pathologies cardiaques rencontres en pratique clinique. A chacun ensuite de les confronter a ses propres connaissances, pratiques et recherches pour se batir son mode de raisonnement clinique. Il s agit donc d un outil visant a contribuer a l education des etudiants en medecine, des jeunes praticiens et, de facon plus marginale, du public et des patients (on ne le repetera jamais assez: les premiers therapeutes d une maladie sont le malade lui-meme et ses proches. encore faut-il qu ils disposent d informations adequates).
