One who wants to get joy of book reading especially in very less time can go for it. About The Book Religio Medici Sir Thomas Browne, English essayist, came of a Cheshire family, but was born in London on October 19, 1605. Educated at Oxford, where he graduated in 1626, he next studied medicine at the great universities of Montpelier, Padua, and Leyden, and in 1637 went to live at Norwich, where he remained until his death on October 19, 1682. He was happily married in 1641, and was knighted by Charles II. in 1671. Sir Thomas Browne is one of the greatest figures in English literary history. He had extraordinary learning, a magnificent style, a certain dry humour, and, above all, great power and nobility of mind. In his two most valued works, Religio Medici, or Religion of a Physician, published in 1643, and Urn Burial, in 1658, he deals with the greatest of all themes, the mysteries of faith and of human destiny. The Religio Medici, written about 1635, was not at first intended for publication; but the manuscript had been handed about and copied, and the appearance, in 1642, of private editions, forced the author to issue it himself.
