He was a Republican and Progressive. Pinchot is known for reforming the management and development of forests in the United States and for advocating the conservation of the nation s reserves by planned use and renewal. He coined the term conservation ethic as applied to natural resources. Gifford Pinchot was born in Simsbury, Connecticut; he graduated from Yale University in 1889, where he was a member of Skull and Bones. He studied as a postgraduate at the French National Forestry School for a year. In 1930, Pinchot won a second term as governor, battling for regulation of public utilities, relief for the unemployed, and construction of paved roads to get the farmers out of the mud.
