paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pages Number: 285 Publisher: Beijing Aerospace University Press Pub. Date :2008-01. This book is the Ministry of Information Industry. China Electronics Enterprises Association. the National Certification Board exam SCM application designer specified professional certification training materials - single-chip applications Design training course sets the book s theoretical articles. To 80C51 family microcontrollers 89 series as an example. single-chip hardware structure. working principle. instruction set. assembly language programming. interfacing. interrupt system and SCM applications and so on. In each chapter with examples of key content to be described. and also arranged a large number of reflection questions and exercises. in order to facilitate the reader s understanding of the content described. master. consolidation and applications. This book is characterized by a simple and clearly explained. reasonable layout. example-rich. self-study and for entry. This book can be used as SCM application designed training materials. courses can be used as SCM theory of tertiary teaching. learning and the wider development of chip engineers reference book. Contents: Chapter 1 Overview 1.1 Overview of computer chip development 1.2 History 1.2.2 1.2.1 SCM SCM SCM composition and characteristics of the development trend 1.2.3 1.2.4 1.3 single-chip microcontroller and embedded systems architecture and application system development of microcomputer application system architecture 1.3.1 1.3.2 MCU application development 1.4 80c51 MCU family of microcontrollers 1.4.1 80c51 development characteristics 1.4.2 89 Series MCU and classification Chapter 2 Structure and principle of single-chip MCU 2.1 Standard microcontroller architecture 2.1.1 The composition and structure and function of pin definitions 2.1.2 2.2 2.2.1 SCM works with the program Overview 2.2.2 cpu command works 2.2.3 SCM SCM 2.3 implementation process of the program memory 2.3.1 depositFour Satisfaction guaranteed,or money back.
