THE BOOK OF THE EPIC (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The greatest of all the world s epics, the Iliad and the Odyssey, are attributed to Homer, or Melesigenes, who is said to have lived some time between 1050 and 850 B.C. Ever since the second century before Christ, however, the question whether Homer is the originator of the poems, or whether, like the Rhapsodists, he merely recited extant verses, has been hotly disputed. The events upon which the Iliad is based took place some time before 1100 B.C., and we are told the poems of Homer were collected and committed to writing by Pisistratus during the age of Epic Poetry, or second age of Greek literature, which ends 600 B.C. It stands to reason that the Iliad must have been inspired by or at least based upon previous poems, since such perfection is not achieved at a single bound. Besides, we are aware of the existence of many shorter Greek epics, which have either been entirely lost or of which we now possess only fragments. A number of these ancient epics form what is termed the Trojan Cycle, because all relate in some way to the War of Troy. Among them is the Cypria, in eleven books, by Stasimus of Cyprus (or by Arctinus of Miletus), wherein is related Jupiter s frustrated wooing of Thetis, her marriage with Peleus, the episode of the golden apple, the judgment of Paris, the kidnapping of Helen, the mustering of the Greek forces, and the main events of the first nine years of the Trojan War. The Iliad (of which a synopsis is given) follows this epic, taking up the story where the wrath of Achilles is aroused and ending it with the funeral of Hector.
