

Eighteenth-Century Commonwealthman: Studies in the Transmission, Development, and Circumstance of English Liberal Thought from the Restoration of Charles II Until the War with the Thirteen Colonies

Filesize: 8.78 MB

Reviews

The publication is great and fantastic. It is probably the most remarkable book i actually have read through. Its been printed in an exceedingly easy way and it is merely right after i finished reading through this publication where in fact altered me, modify the way i think.

(Tomas Witting)

Liberty Fund Inc. Paperback. Book Condition: new. BRAND NEW, *Eighteenth-Century Commonwealthman: Studies in the Transmission, Development, and Circumstance of English Liberal Thought from the Restoration of Charles II Until the War with the Thirteen Colonies*, Caroline Robbins, In her Introduction to *The Eighteenth-Century Commonwealthman*, Caroline Robbins wrote that the Commonwealthmen were "a gifted and active minority of the population of the British Isles, who kept alive, during an age of extraordinary complacency and legislative inactivity, a demand for increased liberty of conscience." Their essays, arguments, pamphlets, and histories -- a continual flow from the late seventeenth century to the end of the eighteenth -- were hugely popular in America. The themes presented were revolutionary: separation of powers, natural rights, rotation in office, religious freedom, a supreme court, and resistance to tyranny. They achieved very little political success, but the documents of later generations are full of ideas kept alive by the Commonwealthmen in difficult times. In *The Eighteenth-Century Commonwealthman*, Robbins adeptly presents a history of these men, whose writings advocated the principles of liberty in an era when change was considered perilous.
