Hodder Stoughton General Division, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. A destructive private investigator and his eccentric coworkers handle cases so high-profile that they never make the headlines. The first in a fun, topical London-based detective series, currently in development as a TV series set to star Sendhil Ramamurthy (Heroes). Ravi Chandra Singh is the last guy you'd expect to become a private detective. A failed religious scholar, he now works for Golden Sentinels, an upmarket London private investigations agency. His colleagues are a band of gleefully amoral and brilliant screw-ups: Ken and Clive, brutal ex-cops who are also a couple; Mark Chapman, a burned-out stoner hiding a great mind; Marcie Holder, a cheerful former publicist; Benjamin Lee, a techie prankster from South London; David Okri, an ambitious lawyer from a well-connected Nigerian family; and Olivia Wong, an upper-class Hong Kong financial analyst hiding her true skills as one of the most dangerous hackers in the world—all under the watchful eye of Roger Golden, wheeler-dealer extraordinaire, and his mysterious office manager, Cheryl Hughes. Thrust into a world where the rich, famous, and powerful hire him to solve their problems and wash their dirty laundry, Ravi finds himself in over his head with increasingly bizarre and complex cases - and the visions that he's been having of Hindu gods aren't helping. As Ravi struggles to stay ahead of danger, he wonders if the things he's seeing are a delusion - or if he might, in fact, be an unrecognised shaman of the modern world.
