Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Wreck of the Hesperus Of a rocky headland, reef, and islet on the coast of Massachusetts, between Gloucester and Magnolia. The special disaster in which the name originated had long been lost from memory when the poet Longfellow chose the spot as a background for his description of the Wreck of the Hesperus, and gave it an association that it will scarcely lose while the English language endures. Nor does it matter to the legend lover that the ill-fated schooner was not gored by the cruel rocks just at this point, but nearer to the Gloucester coast.
