

## Elements of Chemistry, Vol. 2: Theoretical and Practical (Classic Reprint) (Paperback)

By William Allen Miller

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Elements of Chemistry, Vol. 2: Theoretical and Practical Appendix, as being more nearly allied to organic than to mineral chemistry. The three last chapters have undergone considerable alteration, some account being given of the recent researches in thermo-chemistry, a subject which promises to be of great service in the advancement of theoretical chemistry. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. ### Reviews

*It is one of the most popular publications. It really is written in easy words and not difficult to understand. You are going to like how the author writes this book.*

*-- Prof. Evans Balistreri DDS*

*Completely essential go through book. This is for all who state there had not been a worthy of reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*-- Lydia Legros*
