INTELLIGENT INTERVENTION (PAPERBACK)

Dog Ear Publishing, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Erich von Daniken pioneered and Zecharia Sitchin introduced the world to the concept of Ancient Aliens in the early 1970s. Bauval, Hancock, Dunn, Collins, von Ward and others fleshed in the evidence during the 80 s 90 s. In the 21st century it will be David Wilcock and Robert Steven Thomas who convince a critical mass of educated, open-minded people in the world the reality of mankind s true evolution in conjunction with advanced-alien assistance. Intelligent Intervention is a contemporary masterpiece. It pulls together all of the most compelling evidence that has been gathering (but ignored by the main-stream Establishment) into a single, comprehensive, accurate description of human history. It reads like science fiction but is science fact. After you complete this book your understanding of history will never be the same. Moreover, you ll come to understand how each one of us can personally contribute to create a kinder world and better future for all humanity. 544 pages; Illustrated; Non-fiction.
