

Dylan at Newport, 1965: Music, Myth, and Un-Meaning (Paperback)

Filesize: 2.58 MB

Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Michael Spinka)

DYLAN AT NEWPORT, 1965: MUSIC, MYTH, AND UN-MEANING (PAPERBACK)

New Street Communications, LLC, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.One of the most famous moments of the Sixties - and one which continues to this day to be grossly misconstrued, mistold, and loaded with undeserved meaning - is the night in July of 1965 when Bob Dylan played an electric set (or at least tried to play an electric set) at the Newport Folk Festival: an event after which, supposedly, the culture of the Sixties was never quite the same again. Even Dylan's most pre-eminent chronicler Sean Wilentz has mischaracterized this evening as the night when [Alan] Lomax along with Pete Seeger led the old guard that objected to the blasts of white-boy electricity, including Dylan's. Seeger biographer David Dunaway speaks of Dylan understanding that at Newport the electric guitar meant a declaration of war and that, intensely ambitious, he sought publicity by smuggling rock into the citadel of folk music. In this narrative, battle lines were drawn, a fight waged, and a revolution begun. The over-simplification is too attractive to resist. Our tribal memory absolutely yearns for Dylan's abbreviated, 15-minute performance to be a pivot point not just from acoustic to electric, but also from traditional to commercial, from topical to cynical, and from roots to revolution. We also want Newport to be a citadel of folk music, and to be comfortable with any number of other safe, easy assumptions. For this symbology to work, however, we need an old guard to rebel against, and a youthful new guard to do the rising up. We also need to believe that traditional acoustic music cannot be (and was not at that time already) commercial, that electric music can never be traditional, that electric music is always...
