Not illustrated. 1918 Excerpt: .profits and taxation, the farmers and wage-earners can be lined up on a fairly common program. This alignment of interests may overshadow the other, and prevent any drastic modification of the principle of restricted immigration. But suppose the immigration law is modified. The result of increased immigration will scarcely be to lower the wages of skilled labor. Rather it will lower still more the already deflated wages of common labor. Extensive immigration will merely serve to increase the exceptionally large spread that already obtains between the wages of skilled and common labor in America. What then is to be done with the existing wage level of skilled and semi-skilled labor? The easiest way of escape is by price inflation. For that we appear to be due for the next year or so. This will give temporary respite to the struggle. But it will only be temporary. Each succeeding drop in prices will bring a recurrence of the struggle. It is not unlikely that wage statistics for the next decade or so will register a substantial gain in real wages. The pressure of a high wage level against a secular drop in prices is a tremendous goad to managerial efficiency.The recent study of the Federated Engineering Societies indicates that there is still room for large improvement in management on the basis of what has already been achieved by the better firms. Squeezed between a declining secular trend in prices and an unyielding wage level, the employer is...
