iUniverse, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Manifesto of the Logocratic Party is a declaration of principles and objectives of one of the most innovative and open-minded political movements of our time. This seminal work is an ideological presentation of the platform of an unprejudiced and unbiased political force that stems from logosophism, an interdisciplinary system created by Daniel Deleanu, who is also the founder, theoretician and leader of the Logocratic Party. Refusing itself any trace of utopia, logocracy depicts a realistic alternative to democracy, which, according to the author of the Manifesto, has eroded itself due to its demagogical nature, leading to politicianism and to a total or partial abuse of power. Distancing itself from any rigid political dogma, especially from capitalism and communism, The Manifesto of the Logocratic Party is a political story about real freedom of deed and thought, in which Adam Smith meets Karl Marx under the philosophical sign of the Logos, in the digitalized environment of the global village.
