## Diagnosing the Philippine Economy: Toward Inclusive Growth (Paperback)

By -

Anthem Press, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The pace of growth in the Philippines is slower than that of many neighbouring countries, and despite increasing growth in the period before the current global financial crisis, domestic investment remained weak, and had a declining share in gross domestic product. Understanding limits to growth in the Philippines economy and how they may be counteracted is crucial for policy makers seeking to encourage economic development. Diagnosing the Philippine Economy investigates the binding constraints on economic development, by following a growth diagnostics approach. Articles within this collection cover the areas of macroeconomic management; trade, investments, and production; infrastructure, human capital; equity and the social sector; poverty reduction efforts; and governance and political institutions. The studies findings provide insight for politicians, academicians, and economists into the issues and their potential solutions.

### Reviews

*Complete guideline! Its this type of great read through. it absolutely was writtern quite perfectly and helpful. I am very happy to explain how this is basically the best book i actually have read through during my personal life and can be he very best book for at any time.*

*-- Joshua Gerhold PhD*

*A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.*

*-- Meagan Roob*
