Chelsea Green Publishing. Hardcover. Condition: New. 288 pages. With information on purchasing, marketing, and employing farm-to-table principles in restaurants, schools, hospitals, and other institutions. Nearly a century ago, the idea of local food would have seemed perplexing, since virtually all food was local. Food for daily consumption—fruits, vegetables, grains, meat, and dairy products—was grown at home or sourced from local farms. Today, most of the food consumed in the United States and, increasingly, around the globe, is sourced from industrial...
