This data-driven and massively documented study replaces rhetoric with analysis, myth with fact, and apocalyptic predictions with sane and realizable proposals. Stanley Fish, Florida International University. The election of Barack Obama prompted people around the world to herald the dawning of a new, postracial era in America. Yet a scant one month after Obamas election, Jose Oswaldo Sucuzhanay, a 31-year old Ecuadorian immigrant, was ambushed by a group of white men as he walked with his brother. Yelling anti-Latino slurs, the men beat Sucuzhanay into a coma. He died 5 days later. The incident is one of countless attacks that Latinoa immigrants have confronted for generations in America. And these attacks are accepted by a substantial number of American citizens and elected officials. Quick to cast all Latinoa immigrants as illegal, opponents have placed undocumented workers at the center of their anti-immigrant movement, targeting them as being responsible for increasing crime rates, a plummeting economy, and an erosion of traditional American values and culture. In *Those Damned Immigrants*, Ediberto Romn takes on critics of Latinoa immigration, using government statistics, economic data, historical records, and social science research to provide a counter-narrative to what he argues is a largely one-sided public discourse on Latinoa immigration. Ediberto Romnis Professor of Law and Director of Citizenship and Immigration Initiatives at Florida International University. Michael A. Olivasis the William B. Bates Distinguished Chair in Law at the University of Houston Law Center and Director of the Institute for Higher Education Law and Governance at UH. In the *Citizenship and Migration in the Americas* series This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
