Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. As organizations advance the modernization of their applications and datacenters to adapt to the new world of cloud computing, the transition process for employees of the organization and I.T. departments also go through an evolution. This change involves rethinking whether decades old methods of using and running applications still makes sense, and how organizations manage and support users as applications and Apps get updated on a rolling basis. This book covers real world best practices how organizations complete their application and datacenter modernization process, redesign and rearchitect their I.T. operations, and optimize employee s use of technology to transform technology from being a cost center to a business enabler.
