OPEN UNIVERSITY PRESS, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book. This textbook is much needed in the current context of increased patient acuity and bed occupancy, shorter hospital stays, and the new work being done in the area of early recognition of the deteriorating patient. Barbara O Donnell, Chief ODP, Guy s Hospital, London Nursing the Acutely ill Adult is a comprehensive text . Each chapter draws on the clinical and academic expertise of the author and follows a structured approach that explores the case problems, altered physiology and nursing interventions and care. It is an ideal reference resource for nurses who wish to reflect and explore the evidence base underpinning the complexities of nursing acutely ill adults. Alison Eddleston, Senior Lecturer Acute, Operative and Critical Care, School of Health, University of Central Lancashire, UK This informative case-based book encourages the reader to critically consider the assessment and care needed by acutely ill adult patients with a variety of underlying conditions. Nursing and other healthcare students . should find that the book helps with the development of an integrated mindset and evidence-based decision making. Janice Christie, Senior Lecturer in Public Health and Primary Care, City University London, UK The book will enable practitioners to approach the assessment of patients with a range of acute conditions in a structured manner. The case scenarios are very realistic and there are good explanations of underlying patho-physiology. There is also a well structured explanation of investigations and priority interventions . This book will enable the development of expertise in assessment and prioritising of care in a range of settings. Laurence Leonard, Senior Lecturer, Kingston University and St George s, University of London, UK The complexity of caring for patients who become acutely ill or have deteriorated can be a daunting challenge...
