Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Adam Dean (illustrator). Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Giant space penguins and missions to save the universe? It s not often that a giant, metal space-penguin comes to collect you to help with a mission to save the universe, but that is exactly what happens to Nancy. Nancy is as bored as a man from boring town who spent all day doing something very boring! She is stuck with her fondant fancy fanatic of a gran in a grotty flat with nothing to do. Then everything changes very quickly. The S.M Cheeky zooms Nancy off into a series of hilarious space adventures alongside her two headed, alien companion; Boonston Bottolbrag. She must defeat evil centipede soldiers and tame a mechanical dragon so big that a special tribe of dragon monkey men now live in his nose. Can Nancy and her friends defeat the grimmer than green goblin poo Mr and Mrs Grinderpuss? Will she use her special skills to solve the problem of the boredom drive? All will be revealed in this hilarious new book. If you enjoy David Walliams, if you love Roald Dahl, if you chuckle at Andy Stanton then this book is for you.
