Adams Media Corporation, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. From ancient scourges to modern-day pandemics! Throughout history--even recent history--highly contagious, deadly, and truly horrible epidemics have swept through cities, countrysides, and even entire countries. Outbreak! catalogs fifty of those incidents in gruesome detail, including: The Sweating Sickness that killed 15,000, including Henry VIII's older brother; Syphilis, the French Disease, which spread throughout Europe in the late fifteenth century; The romantic disease: tuberculosis, featured in *La Bohème*, *La Traviata*, and *Les Misérables*; The worldwide outbreak of influenza in 1918, which killed 3 percent of the population; The mysterious appearance of HIV in the 1980s; The devastating spread of Ebola in West Africa in 2014; From ancient outbreaks of smallpox and plague to modern epidemics such as SARS and Ebola, the stories capture the mystery and devastation brought on by these diseases. It's a sickeningly fun read that confirms the true definition of going viral.
