Reviews

Merely no words and phrases to describe. I really could comprehend almost everything using this created e pdf. Your daily life period will be change once you full reading this ebook.

(Mr. Ladarius Stoltenberg)

2012/2013 TWO PATHS: END OF DAYS OR A NEW BEGINNING?: A GUIDE TO NAVIGATING THE CORRIDOR BETWEEN MAYA DATES 12-21-12: THE GREAT GALACTIC ALIGNMENT AND 3-31-13: EASTER 2013; JUDGMENT DAY (PAPERBACK)

Winds of Change Publishing, United States, 2012. Paperback. Condition: New. Kal Chapman, Skylar D Burtenshaw (illustrator). Language: English . Brand New Book ***** Print on Demand *****.On December 21, 2012, Earth will complete a rare procession cycle that occurs only once every 25,800 years! At this time, the Sun will align with the galactic plane of the Milky Way Galaxy. The Maya intentionally ended their Long Count calendar on this date, signifying a pivotal point for all of humanity and warn of a reoccurring 5,125 year cycle of worldwide destruction. This book also reveals prophecies given by the Hopi, the Egyptians, the Bible, and famous psychics Edgar Cayce and Nostradamus, all of which tell of apocalyptic events that are now occurring and will soon reach a peak. Prophecies from many sources echo the threat of global catastrophe, but also state that if we change our ways, a new age of peace will emerge. It is possible for humans of all walks of life to live in harmony with each other and the planet, and this book outlines a plan for such a reawakening. Two Paths differs in many ways from other sources concerning the events of 2012. Burtenshaw proposes intriguing interpretations presented in no other book regarding age-old prophecies surrounding upcoming dates singled out by the Maya: 12-21-12 and 3-31-13. He provides statements given by the Maya council of 440 elders, who state that Judgment Day will not occur on 12-21-12, but on 3-31-13, Easter of 2013, when three-quarters of the human race will be exterminated, unless we drastically alter our current course of action. Burtenshaw provides workable solutions to the many ecological problems facing the country today. He demonstrates how the events of 2012/2013 and the state of the environment are fundamentally intertwined. He links recent statements given by...
