Progressive Press. Paperback. Book Condition: new. BRAND NEW, How to Conquer Cancer, Naturally, Johanna Brandt, A new edition of the 'Grape Cure'. Widely used by holistic health professionals to fight disease, often in patients with 'inoperable cancer'. Grapes contain a very powerful antioxidant that protects your body cells from 'free radicals'. Scientists have given it the name of 'proanthocyanidins', but it is not new. As far back as 1556, books on this wonderful nature cure had been published in various European languages. Dr Brandt was diagnosed with cancer in 1916, shortly after her mother died from cancer. Working with her own diet, fasting, etc, she began to see the relationship of the food she ate to the progression or regression of her cancer. It took nine years to achieve her healing. She discovered that a meat diet perpetuates cancer, a vegetarian diet conquers it, and that organic grapes aid healing. She helped others rid themselves of this deadly disease, left her native South Africa to bring her discovery to the US, and wrote this book. She shares her journey back to wellness in this small, yet remarkable book, reprinted because 'the need is greater than ever for natural discoveries to reach the people'.
