The Book on the Book: A Landmark Inquiry Into Which Strategies in the Modern Game Actually Work (Paperback)

By Bill Felber

GRIFFIN, 2006. Paperback. Condition: New. Reprint. Language: English . Brand New Book ***** Print on Demand *****. Picking up where Michael Lewis left off in Moneyball, he addresses the central questions of risk, reward, and value---on the field and off---and reveals what it takes to win. --John Thorn, editor of Total Baseball Die-hard fanatics will enjoy this comprehensive collection of groundbreaking baseball strategies, analyses, statistics, and studies This unique approach to understanding the tried and true methodologies of the game of baseball examines conventional elements like the steal, hit and run, and line-up construction. The Book on The Book offers an exciting critique of baseball by placing an actual dollar value on player performance and rating managers based on their on-field moves to determine who are the smartest tacticians. No corner of the ballpark is left unturned as author Bill Felber explores the various methods of team-building, on-field values of players, the role and influence of the general manager in team success, and the importance of park effects. In the vein of the late Leonard Koppett and Bill James, Felber uses mathematical and statistical principles to evaluate the wisdom of standard baseball strategies. Illustrations and a refreshingly engaging style make...

Reviews

The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
