

Remembering the Kanji 1: A Complete Course on How Not to Forget the Meaning and Writing of Japanese Characters (Paperback)

Filesize: 2.2 MB

Reviews

This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

REMEMBERING THE KANJI 1: A COMPLETE COURSE ON HOW NOT TO FORGET THE MEANING AND WRITING OF JAPANESE CHARACTERS (PAPERBACK)

[DOWNLOAD](#)

University of Hawai i Press, United States, 2011. Paperback. Condition: New. 6th Revised edition. Language: English . Brand New Book. Updated to include the 196 new kanji approved by the Japanese government in 2010 as general-use kanji, the sixth edition of this popular text aims to provide the student of Japanese with a simple method for correlating the writing and the meaning of Japanese characters in such a way as to make them both easy to remember. It is intended not only for the beginner, but also for the more advanced student looking for some relief from the constant frustration of forgetting how to write the kanji, or for a way to systematise what he or she already knows. The author begins with writing the kanji because--contrary to first impressions-it is in fact simpler than learning how to the pronounce them. By ordering the kanji according to their component parts or primitive elements, and then assigning each of these parts a distinct meaning with its own distinct image, the student is led to harness the powers of imaginative memory to learn the various combinations that make up the kanji. In addition, each kanji is given its own key word to represent the meaning, or one of the principal meanings, of that character. These key words provide the setting for a particular kanji s story, whose protagonists are the primitive elements. In this way, one is able to complete in a few short months a task that would otherwise take years. Armed with the same skills as Chinese or Korean students, who know the meaning and writing of the kanji but not their Japanese pronunciations, one is then in a much better position to learn the readings (which are treated in a separate volume). has helped tens of thousands of students...
