

Mastering the New Psychiatric Diagnoses: Three Practice Exams for Novices and Experts

By Petros MD Ma Levounis

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The world of psychiatry is ever changing, and it takes plenty of hard work and study to keep up with the latest diagnoses. That is why, through the enthusiasm and experience of Rutgers psychiatric residents and fellows, this practical guide was born-containing three practice exams that focus on the newest additions to the DSM-5. Featuring the combined efforts of thirty up and coming professionals in the field of psychiatry, Mastering the New Psychiatric Diagnoses is a labor of love-one that should prove useful to med students and seasoned professionals alike. Seventy-five multiple choice questions make up the three practice exams within, refined by several rounds of critiques and rewrites for accuracy and clarity. The result is a thorough, easy-to-read manual, perfect for mastering the latest diagnoses in the world of psychiatry-and filled with straightforward and useful explanations to back up each and every answer. So whether you re gearing up for exams or just looking to refresh your psychiatric knowledge, quiz yourself with the help of these thirty residents and fellows and the knowledge and experience they ve...
