Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. A self-help, self-defense book to save men. And a get-rich-quick guide for women. In one of the most unique and personal self-help books to ever come along, a well-researched and personal account, Mitch Vandell gives name to and breaks down this widely familiar yet rarely recognized mental disorder into short, bite-sized chapters. These include the psychological enablers of leeching, an overview of basic leeching strategies, and the environmental and socio-economic risk factors involved in contracting the syndrome. You cannot always tell just by looking at a man if he suffers from this deadly syndrome. This book is designed to raise awareness about the complex motivations and social dynamics behind men s latent self-destructive tendencies to give up everything for a girl with a pretty smile and dimples. Step into the shadowy underworld of everyday women in short dresses and high heels, prowling for men to sink their hooks into. In the last decade, the Poor-Sucker Syndrome has surpassed unemployment as the single leading cause of damage to Mankind s happiness: that is, a man becomes obsessed with a woman and is taken advantage of financially in a misguided pursuit of affection and affirmation-more precisely: leeched. It is a silent killer from which no man is completely immune. Using a series of humorous case studies, Vandell presents his research and theories with in-depth analysis, incorporating psychology, social anthropology, and economic theory. How do socio-economic factors and culture influence leechism? How does the rise in consumerism and narcissistic values in society play a role in the increasing degrees of leechism? What can macro-economic models and the study of behavioral finance teach us about the syndrome? Learn how these methods, combined with conventional group therapy,...
