Xlibris, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Imagination of Poetry is my own unique thoughts of everyday life situations. These astonishing poems are put into a distinctive collection of words of a variety of rhymes that are designed to capture lifelike surroundings, images, and amazing ideas. Some that are into short stories that will have you thinking you were right inside the mind of the poet sitting in the clouds. This is nature at its best. It captivates what or how you may imagine different ways of life, nature, devastating circumstances, overcoming hardship, love lost, love gained, ups and downs, love triangles, and temptations. You may laugh; you may smile; you may even cry. These phenomenal words are formed together with great rhymes, with beautiful meanings, and with life experiences and situations. Various poems are memoirs of myself going through the trying times of life's obstacles, from childhood to womanhood.
