Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Slides and Photographs: List 28, South America South America is relatively simple in its main physical features the Andes mountains, its three great river systems, and its vast plains. These are well represented. The Andean highlands are rich in mineral resources, while most of the extensive areas drained by the Plata, the Amazon and the Orinoco have soil and climate that adapt them to supply the world with immense stores of food. These facts can be well brought out by the pictures here offered. Many regions are still occupied largely by descendants of the native Indian races that have made little progress in civilization, but there are also great cities throbbing with energy and commercial activity. Both elements of the population have a place in this collection, The Latin races predominate in South America, but England and the nations of northern Europe see their opportunities there and are not slow to take advantage of them. Recent years have seen the awakening of a marked. Interest in Latin America on the part of the people of the United States and...
