The poems create an arousing painful sense of sadness with a sudden feeling of excitement and pleasure. I was searching rhythmic verse during composition of poem, in my poetical imagination. The total poems 108 were collected from my diary and 198 poems were collected from my manuscript of few books. The imaginary writings have different type of information in the poetry. This book contains prayer, seasonal greetings, relationship, happiness, blissful joy, love, beauty of natures, illusion, inner peace, grief, sweet smile, blessings, pleasure, enlightenment, fragrance in evening, domestic environment, culture, guidance, pleasant memory, joyful environment, weather, glory of god, eternal dream, inner peace, desire, grievance, good culture, sense of isolation, affection, journey, source of inspiration, sweet feeling etc. The poems of this book are interesting and immensely enjoyable and create an everlasting impression for the reader. I hope that the readers will try their level best to reap the fullest advantage of the rhythms of life.
