AUTHORHOUSE, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. And The Baby s Name Is. is a book that every family and household should have. This book sheds light on the connection between the name given to a child and the destiny of that child. Unknown to many, along with every name comes a calling. The average name is called or pronounced hundreds of times a day. And because of the power of the tongue, that child is being prophesied to each time the name is called. As kids, we used to say that sticks and stones may break my bones but words can never hurt me. However, as we grow older, we realize that this saying is very far from the truth. So God s Word is true; The power of life and death is in the tongue. Therefore, the choice of names for our children may impact their journey in life more than we can imagine! In today s society, choosing a child s name has become as simple as taking polls from friends and associates, or merging portions of two names. In fact, some parents would just give a child a name simply because it sounds cute! Sadly, many children (and parents alike) do not even know the meaning of their names. And The Baby s Name Is. enlightens one on how to carefully and diligently handle the task of selecting a child s name. A name is powerful. A good and godly name is even more powerful. May the Lord bless you and grant you godly counsel as you read. Samuel Jonathan.
