They may be your parents, they may be your partners and also they may be your children. But you are so used to their presence in your life, that you take it for granted that they are always going to be there to remove the thorns from your life of roses. These are the givers. This book is for them, and in appreciation of what they give to you, physically, spiritually, emotionally, mentally and psychologically. All of us number among our acquaintances, one of those invaluable and dear people, who are always there. They are usually kind and cheerful, unselfish and work themselves of their feet in an effort to everything asked of them. Sometimes, they go beyond what is expected of them, in order to help you, or read you, or make your life more comfortable. Everybody appreciates them, because they are always ready to pitch in and help, but have you thought that you may put a strain on relationships, if you let overdependence on these willing and good souls come an imposition on their mind, body and spirits?.
