Each book consists of a brief introduction or background to the subject, followed by a section of analysis, focusing on the main themes and issues. Also included are an assessment of the subject, a selection of relevant documents and a detailed bibliography. With the increasing emphasis at A level on interpretative skills and the analysis of documents, this series should be of particular value to students. The text is intended to illuminate the documents, and the documents the text. 130 pp. Englisch.
