iUniverse. Paperback. Book Condition: New. Paperback. 180 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. With so many money management books on the market, I decided to write this book from the perspective of two of my grandchildren. In 174 pages adorned with cartoons and other graphics, I try to offer guidance on money and markets in a style devoid of jargon. There are no short, easy methods for doubling your money. The book is, however, a road map to help traverse today's baffling financial highways. My investing ideas, drawn from 45 years of money management and teaching experience, are keyed strictly to a get-rich slowly strategy. Stockbrokers may not like the strong warnings aimed at not-so-independent advisers. Stock investing is my investment of choice with a dedication to fundamental valuation for long-term investing planning today for financing young children's education as well as retirement planning for adults. My dedication to stock investing stems from statistical comparisons compiled by a leading research firm which shows over a 68 year period, stocks have outperformed bond, Treasuries and bank CDs by wide margins. For most, my best bet is to invest in well-chosen, no-load mutual funds. Hold for the long term, put in a fixed amount periodically and do not withdraw dividends. That's my strategy. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
