By Perry Anderson

Verso Books. Paperback. Condition: new. BRAND NEW, The New Old World, Perry Anderson, The New Old World looks at the history of the European Union, the core continental countries within it, and the issue of its further expansion into Asia. It opens with a consideration of the origins and outcomes of European integration since the Second World War, and how today's EU has been theorized across a range of contemporary disciplines. It then moves to more detailed accounts of political and cultural developments in the three principal states of the original Common Market: France, Germany and Italy. A third section explores the interrelated histories of Cyprus and Turkey, which pose a leading geopolitical challenge to the Community. The book ends by tracing ideas of European unity from the Enlightenment to the present, and analyzing their bearing on the future of the Union. The New Old World offers a critical portrait of a continent now increasingly hailed as a moral and political example to the world at large.

Reviews

Thorough manual! Its this kind of excellent study. It is actually loaded with knowledge and wisdom You can expect to like how the writer compose this book.

-- **Marlin Ratke**

This is an amazing pdf that I actually have actually study. It is among the most amazing pdf we have read through. Its been written in an remarkably basic way and is particularly simply following i finished reading this ebook where basically altered me, alter the way i really believe.
