Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. General Leemy s Circus, first published in 1955, is the dramatic account of the human side of the air war in the Pacific and of the men who flew the Superforts, the B-29 Superfortresses of General Curtis LeMay s XXI Bomber Command, straight to the heart of Japan. Earl Snyder was a navigator on the B-29 Umbriago-Dat s My Boy, and took part in the first B-29 raid on Tokyo. But, he recalls nervously, his crew didn t drop their bombs on the Japanese capital, because at 29,000 feet the air was so cold that the bomb-release mechanism had frozen. Umbriago made it back to the base at Saipan with the fuel gauges registering less than empty. This is not a biography of General LeMay-or General Leemy, as the Japanese called him-it s the story of the airmen who carried out his orders, flew the missions and lived or died without asking too many questions. General Leemy s Circus is a tribute to those men and, at the same time, an exciting record of their everyday lives. Writing with stark realism, Snyder hands the reader a share of the dangers and challenges, the devil-may-care, sometimes hilarious, adventures of the men as they struggle to survive, complete their missions, and eventually return safely home.
