Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

POETIC ACTS NEW MEDIA (PAPERBACK)

University Press of America, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Poetic Acts New Media advances the fields of literary and new media studies by clarifying boundaries between competing genres and media through the creation of a new artistic genre, media poetry. This aesthetic mode of expression/becoming seeks to transform mass culture (our codes of communication) by self-consciously acknowledging how textual, audio, and/or visual signs are constructed according to their simulation and not their representation. This study draws heavily upon literary media theories that intersect with Gilles Deleuze's philosophy of Sense as a simulated power of sensory transformations. Media poetry becomes a complex power of Sense by blending conventional mass-media codes with poetic simulations that provide alternative forms of creating meaning.
